Where the open access has been permitted to a category of consumers under section 42, the State Commission is to determine only the wheeling charges and surcharge thereon, if any, for the said category of consumers;

- (ii) To regulate electricity purchase and procurement process of distribution licensees including the price at which electricity is to be procured from the generating companies or licensees or from other sources through agreements for power purchase for distribution and supply within the State;
- (iii) To facilitate Intra State transmission and wheeling of electricity;
- (iv) To issue licenses for transmission, distribution and for trading electricity within the State of Rajasthan
- (v) To promote cogeneration and generation of electricity from renewable energy sources by providing suitable grid connectivity measures and sale of electricity

beside specifying for power purchase from such sources, as a percentage of total electricity consumption in the area of a distribution licensee.

- (vi) To adjudicate upon the disputes between the licensees and the generating companies and to refer any dispute for arbitration;
  - (vii) To levy fee for the purposes of this Act;
  - (viii) To specify the State Grid Code consistent with the Grid Code specified under clause (h) of sub section (1) of section 79;
  - (ix) To specify or enforce standards of performance with regard to quality, continuity and reliability of service by licensees;
  - (x) To fix the trading margin in the intra State trading of electricity, if necessary;
  - (xi) To discharge such other functions as are assigned to the Commission under the Electricity Act, 2003.
- (2) To advise the State Government on all or any of the following matters, namely:
- (i) Promotion of competition, efficiency and economy in the power sector;
  - (ii) Promoting investment in the power sector;
  - (iii) Re-organization and restructuring of power sector in the State of Rajasthan;
  - (iv) Matters concerning generation, transmission, distribution and trading of electricity or any other matter referred to the Commission by the State Government.
- (3) The State Commission is to ensure transparency while exercising its powers in discharge of its functions.
- (4) The State Commission in discharge of its functions gets guided by the National Electricity Policy, National Electricity Plan and Tariff Policy published under sub section (2) of section 3 of the Electricity Act, 2003.

**3. Procedure followed in decision-making process including channels of supervision and accountability:**

In discharge of its function, the Commission is guided by the Rajasthan Electricity Regulatory Commission (Transactions of Business) Regulations, 2004. Various matters that come up before the Commission for decision are decided either through proceedings or administratively. The quorum for proceedings before the Commission is two. The Commission initiates proceedings in respect of a matter on a petition filed before it, notices are served to the affected parties for filing of replies. The Commission, if it considers appropriate may issue a public notice inviting comments on the issues involved therein. The Commission may also provide an opportunity of personal hearing to the affected parties before giving its judgment. The Receiving Officer of the Commission is responsible for receiving the petitions, their scrutiny and communicating defects thereon, if any, within a reasonable time. The persons aggrieved by any order of the Receiving Officer with regard to the petition or its presentation may request the matter to be placed before the Secretary of the Commission for appropriate orders who may call for the petition and shall issue such directions regarding presentation and acceptance of the petitions, as are considered appropriate. The petitions, found in order, which are to be approved by the Commission, are put up for acceptance / rejection and initiation of proceedings as per provisions of the Act.

**4. The norms for discharge of functions:**

If, on scrutiny any petition, application or pleading is found to be defective, the defects are notified to the party concerned within 15 days advising him to rectify the defects within the specified time. In respect of a petition for tariff determination under section 62 of the Electricity Act, 2003, the applicant is required to publish the petition in an abridged form and manner as specified by the Commission. The Commission passes orders on such a petition within 120 days from the date of receipt of the petition after considering suggestions and objections if any, received from the public. Before rejecting any petition, the applicant is given a reasonable opportunity of being heard. The orders issued by the Commission on a tariff petition are sent within seven days of issuing the order to the State Government, Central Electricity Authority, Concerned Licensee and the person concerned.

**5. The rules, regulations, instructions, manuals and records held by the Commission or under its control or used by its employees for discharging its functions:**
